Freshmen living in the residence halls are required to purchase a meal plan for their first two semesters of enrollment, excluding summer, and may choose either the unlimited, 19-, 15-, 7-, or 10-meal /wk plan. If freshmen residents fail to select a plan, the system will default to the 15-meal/wk plan. None of the other meal plans are available to freshmen dormitory residents as their required plan. Meal plans can be selected on the web via Eagle Online prior to confirming your schedule and up to the last day to register, add, or change sections. Students wishing to purchase a meal plan after confirming their enrollment or after the last day to register, add, or change sections must contact the Business Office. Students may purchase a meal plan anytime during the semester up to the last day of finals week. Starting the day after the "last day to register, add, or change sections", the meal plan prices with the exception of flex dollars mentioned above will be prorated on a daily basis up to the last day of finals week. Consult the Bursar webpage for meal plan refunded policies.
