THE CITL REPORT

*A newsletter of pedagogy, technology, and current trends in instructional design*

CLASSROOM TECHNOLOGY

Tennessee Tech's classrooms have been equipped with audio and video technology to help facilitate lectures and class meetings. On our new Classroom Technology page, you will find step-by-step instructions for using the most common classroom technology at Tech. If you need additional assistance, please contact the CITL at CITL@tntech.edu or 931-372-3675.

SO YOU THINK YOU CAN ILEARN

"So You Think You Can iLearn" is a competition to showcase your iLearn course design abilities. We are looking for faculty members that have built effective courses in iLearn and are ready to share their design strategies. Fill out the form on our website and let us know which course(s) you'd like to showcase. The winner will be announced later this spring. Want to learn more? Watch this video for more information.
