## CITL October Update

In October, the CITL collaborated with our FACPD grantees, organized Tech Tuesdays, and carried out 45 Small Group Instructional Diagnostics (SGIDs) during the mid-term period. To gain insights into the student thoughts collected during this semester's SGID cycle, register for the Campus Pulse workshop on November 21st.

As the month of October drew to a close, CITL graduate assistants took part in distributing candy during the CDL Trick or Treat Parade.

Looking ahead to November, the CITL team will be ready to provide support for wrapping up the current semester and preparing for the upcoming Spring term. Schedule an appointment with the team below.
