Session Resources

- Session will be recorded.
- Slide deck will be shared.
- Links to resources throughout presentation
- We will be in the chat to answer any questions.
- Book a consultation with your instructional designer!

Agenda

What is YuJa Media and how do you access it?

Why would you use YuJa Media?

How do you utilize YuJa?

Faculty Spotlight: Natalie Beach

You are not alone: Yuja Troubleshooting

Yuja Live Demo

What is Yuja?

YuJa Media is an all-in-one video experience to securely create, manage, discover, collaborate with video content across any device.

Built into iLearn

Supported by CITL for both faculty and students

How to access your Yuja account:

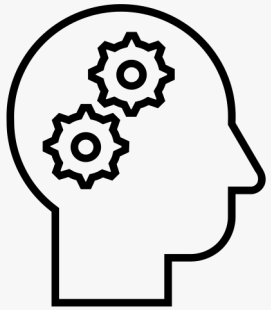
Why would you use YuJa Media?

- Student Engagement
- Instructor Presence
- Flexible Learning
- Instant Feedback
- Accessibility
- Resource Efficiency

Student Engagement

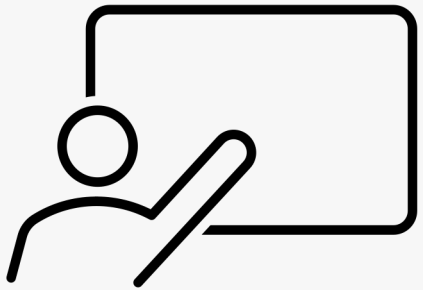


Students can retrieve information with built in quiz features

More interactive than a "sit and get"

Built in transparency and accountability

Instructor Presence



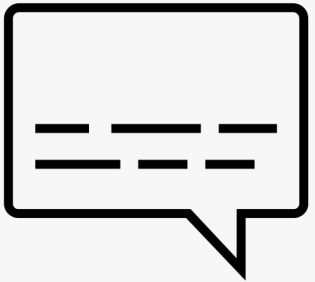
Use Yuja video for Announcements

Create and share lecture videos

Fosters a sense of connection with students

Previous CITL Session on Instructor Presence

Accessibility



Captions / Auto captions

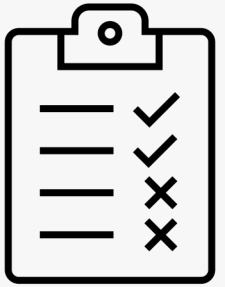
Transcripts

Automatically added to created videos or can be requested for uploaded videos

Flexible Learning

- Students can access content virtually anywhere
- Supports Personalized Learning
- Additional support or option for students to learn
- Students can use Yuja to create videos for assignments or presentations

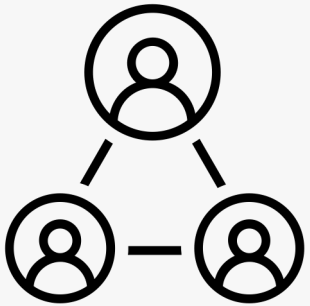
Instant Feedback



Grades can be automatically added to iLearn

Students can see the answers to auto-graded quiz questions immediately

Resource Efficiency



- Fully supported by the CITL
- Fall SGIDs show students requesting resources—Yuja can be an easy win
- Organization features and sharing capabilities

Answer in the Chat!

How do you currently use YuJa Media?

If you do not currently use it, how would you like to start using YuJa Media?

How do you utilize tools within YuJa?

Works within iLearn

Video Quizzes

Auto-Captioning / Transcripts

Works within iLearn

YuJa Media Educator Resources

Can record with YuJa Software Capture

Add materials from other sources (YouTube, personal videos, etc.)

Use of YuJa Media Video Editor

Embed within Content for easier navigation
(Content > Existing Activities > Add Yuja Media 1.3 QL)

Auto-Captioning / Transcripts

Automatic Auto-Captioning

Upload captions / transcripts from other sources

Make courses more accessible

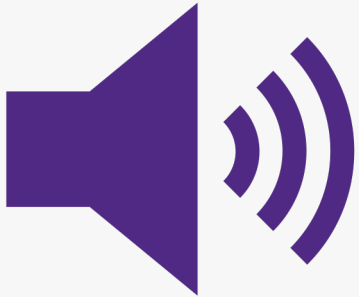
Faculty Spotlight:
Using YuJa

Video Resources:

1. How do you use YuJa Media? [2:34]
2. How is YuJa making a difference in your courses? [2:18]
3. What are some of the downsides to using YuJa? [0:40]

Audio Troubleshooting



If you are unable to hear the pre-recorded portions of the session, try the following:

- Use a non-Bluetooth headset
- Turn on closed captioning on the video (bottom right corner)
- Watch through Microsoft Stream (links provided)

Summary of Ideas

Record Lectures

Allow Yuja to auto caption online videos

Edit YouTube videos

Accountability, transparency, & timely communication

Benefits outweigh the deficits

“YuJa”st have to reach out!
