7. Bouncyband Portable Weighted 5 Pound Dual Textured Sensory Lap Pad for Kids:

Portable Weighted 5 pound Dual Textured Sensory Lap Pad for Kids – For School, Home and on the Go (21 x 19 inches) Super soft fleece weighted lap pad is a sensory tool that offers gentle deep pressure calming; increasing the ability to focus, relieving anxiety and stress. Gives kids with the wiggles a comforting sense of security and has a pacifying effect on the body and mind. Easy to clean with a damp cloth or sponge using soapy water.

- Soothing dual textures alleviate excess energy, decrease restlessness, relieve stress and improve attentiveness in the classroom and at home

- Blue with soft nubs on one side and a green smooth silky surface on the other, together with the weighted interior, create an excellent sensory input combination
- Five pound-weighted super soft pad provides unique comfort so kids feel more secure inside, and can be more comfortable and confident outside
- Unique easy grip hand enables easy portability for school, meals, travel and naps
- Can be rested across the shoulders, back or stomach while reading, relaxing or sitting

8. Abilitations Weighted Vest, Red, X-Small, 2 Pounds

Weight and pressure provide the body with additional input to the muscles and joints, providing the proprioceptive system with more information. This vest uses hook and loop closures at the shoulders and sides allow for easy placement and adjustment. Side closures around back prevent unwanted adjustment or removal. Extra fabric at the side closure overlaps to allow room for growth and the bottom portion of the vest folds up to shorten the vest for individuals with shorter midsections. A common weight recommended for use is 5% of a client's weight; please

consult with the child's therapist to adhere to their individual need. Measure around the chest for width, and from shoulder to waist for length. Vest measures 24 x 12 to 16 inches.

- Machine washable (without weights)
- Made from a durable and comfortable flame-retardant polyester material
- Eight internal pockets in front, back and sides for weight placement
- Extra fabric at the sides and bottom

9. Abilitations Deep Pressure Sensory Vest, XX-Small, 20 x 12 Inches, Blue

Like a warm, heavy embrace, this Deep Pressure Sensory Vest is a true comfort for children who need it. Two-piece designed vest is made from durable 2 mm perforated neoprene that is breathable and helps wearer maintain a comfortable body temperature. Created to increase child's body awareness, calm nerves, help promote attention and concentration, reduce fidgeting, and more. Hook-and-loop closures on the shoulders and sides provide a wide range of adjustability. The side closures can be adjusted in 2 sections to suit a variety of body shapes. Fits over most clothing. Measure around the chest for sizing purposes.

- Provides an instant calming weighted or pressure feeling over body to help ease anxiety, stress, tantrums, and more
- Adjustable straps are easy to move for tighter or looser feel at any given time
- Helps develop proprioceptive integration and can decrease hyper-responsiveness, making it great choice for children with autism spectrum disorder, integration dysfunction, attention-deficit disorder, and more
- Made of machine washable neoprene material for easy cleaning

10. Califone Hearing Safe Hearing Protector Ear Muffs

The Califone Hearing Protector is designed for children with noise sensitivity, these noise reduction earphones are comfortable and user-friendly. A terrific tool for children who need quiet for sensitivity or for focused activities. The headset features noise reduction rating 26db, rugged polypropylene head strap, adjustable ear cups, smaller ear cups than standard hearing protector,

dielectric (non-conducting material), comfortable head band fits students of all sizes, easy clean APS plastic, bright red safety color, and meets EN352.1 and ANSI S3.19.

- Hearing protector blocks out external noises
- Smaller earcups designed to completely cover the ears of younger students
- Rugged polypropylene head strap and ABS plastic earcups hold up to years of use
- Adjustable headband fits students of all sizes

11. Chewigem Miller Chewable Heart,

Slip the Miller Heart off the cord and have it to feel in your pocket, use it on your desk as a stress ball alternative you can squeeze and fidget with, or wear it as a pendant to create a funky look.

- Soothing smooth finish
- Adaptable for use on a cord or as a handheld
- Varying thickness and shape add interest.

12. Time Timer MOD, Charcoal

What makes this MOD perfect for the classroom? It features a protective and removable, latex-free silicone cover, protective lens, has no loud ticking and offers an on/off alert for sound-sensitive environments.
