## HAPPY 4TH OF JULY!

The Registrar's Office wishes you a safe and happy Independence Day!

# ENROLLMENT REPORTING

**National Student Clearinghouse:** Since 1993, the National Student Clearinghouse (NSC) has been higher education's trusted and secure partner committed to privacy and transparency. Their free enrollment reporting service provides institutions with automated enrollment verification and deferment reporting to the Department of Education and education finance industry. This improves data accuracy and helps institutions stay in compliance.

## ENROLLMENT

**Be sure to enter LDAs and update them often for your students. Doing so ensures accurate enrollment reporting to the National Student Clearinghouse, which in turn, is reported to the National Student Loan Data System (NSLDS)!**

The Clearinghouse's comprehensive reporting process covers all aid recipients (federal and private), helping to prevent students from being overlooked. Schools and their students benefit from faster, more timely reporting and deferment form processing that also enables greater accuracy and fewer errors. As your authorized agent, the Clearinghouse provides status and deferment information to the Department of Education's NSLDS (National Student Loan Data System), guaranty agencies, lenders, and servicers on your behalf.
