

### 3. Off-Site Locations and Distance and Correspondence Education

#### Off-Site Locations:

Coursework toward a degree, diploma, or certificate at Tennessee Technological University can be obtained through a combination of traditional classroom instruction and distance learning at locations listed below. Degree programs are completed through a combination of traditional classroom instruction, asynchronous distance learning delivery methods, and on-campus courses, with less than 50 percent of the degree being offered through traditional classroom instruction at any site.

Offerings on the community college campuses include the following:

- Upper-division courses leading to the Bachelor of Science in Multi-Disciplinary Studies (BS MDS-MDHL)
- Upper-division courses leading to the Bachelor of Science in Interdisciplinary Studies (BSIS)
- Upper-division courses leading to the Bachelor of Science in Manufacturing and Industrial Technology (BS MIT) (Proposed for Fall 2011 at CSTCC Volkswagen Academy Site Only)
- Courses leading to the Master's and Educational Specialist degrees in Instructional Leadership, Curriculum, and Reading

Other sites include the following:

- Undergraduate courses leading to the Bachelor of Fine Arts (BFA) are offered at the Appalachian Center for Craft
- Undergraduate agriculture courses leading to agriculture degrees are taught at Shipley Farm
- A variety of physical education undergraduate courses are taught at recreation sites in the Cookeville area
- Courses leading to the Master's and Educational Specialist degrees in Instructional Leadership, Curriculum, and Reading are offered at the K-12 and Tennessee Technology Center locations
